Souvenir Journal Information

One of the traditions of a CME General Conference is a Souvenir Journal. The purpose of the Souvenir Journal is to create historical memorabilia of a given General Conference – photographs, biographical data, offices and positions of Bishops, General Officers, Connectional Officers, Judicial Council members, presiding elders, pastors and lay members, along with pictures and names of all delegates, alternates and pictures of local churches throughout the entire CME Connection brought together in one unique volume, collated in a colorful booklet to enjoy for generations to come.

The 2010 General Conference will be the first General Conference to be held in Mobile, Alabama.
